The Jaquar Group was built on the platform of the highest quality standards, aesthetics and with the intent of providing world-class products. Conceived way back in 1960, the Jaquar Group is an undisputed market leader in the organised bath fittings category. Jaquar is India's most trusted bathing fittings brand, controlling 60% of the branded market in India. It has a sizeable global presence in the highly complex markets of Europe, the Middle East, Africa and South East Asia. The three key facets of the Jaquar brand are: passion for technology, high quality products and unmatched customer service.

## J A Q U A R L I G H T I N G

As a part of the Jaquar Group, India's leading global brand of Complete Bathroom Solutions, Jaquar Lighting brings the same approach to lighting – standard-setting aesthetics in a complete range of products with the highest quality, supported by reliable customer care.

Jaquar Lighting's primary focus, specially in the Chandeliers, is to sustain a world class design standard, achieve the best quality in its products and offer cutting edge services apart from regular innovation and energy efficient solutions.

Jaquar Lighting's LED solutions are created with a commitment to Energy Efficiency, Quality and Durability, Aesthetic Design and Customer Service. The foundation of it all is our state-of-the-art manufacturing plant, spread over 250,000 sq. ft. It is a fully automated facility having in-house capability for making ROHS compliant LED Drivers. The LED Module manufacturing unit, equipped with high-precision optical inspection, can make 87,000 components every hour.

Jaquar also has an NABL accredited lab, with an in-house facility for CCT testing up to 100,000 K, apart from a wide range of testing equipment for thorough quality check of the products.

## JAQUAR CHANDELIERS

There are few bigger statements of luxury in an indoor space than a sparkling chandelier. Discover a grand centrepiece for your indoor space in Jaquar's range of chandeliers.

- Our chandeliers, a fusion of class and quality, are made with lead-free Spectra and Strass crystals of high-precision cut, clarity, colour, and shape, from the world's best crystal manufacturer, Swarovski.
- We use only brass in the frame of our chandeliers, which come with a 7-year warranty on the plating -ranging from 24K Gold and Rose Gold to Chrome, Antique Brass and Copper.
- With the fabrication and plating of chandeliers being done in-house, Jaquar is one of the leading brands of India with its own production facility for crystal chandeliers.
- Available in classic and contemporary styles, reflecting traditional grace or modern elegance, our chandeliers range from 3-head to 24-head designs, with suspended or ceiling-mounted options.
- In fact, apart from the extensive choice, Jaquar Lighting also offers a unique customisation option in Crystal chandeliers - you can redesign, mix and match, and even ask to increase or reduce the crystals used in the chandeliers you select.

But no matter which chandelier you choose from Jaquar Lighting, it'll definitely have the power to be the cynosure of all eyes in the room.

# TIERED CANDLE CHANDELIERS

A tiered candle-chandelier like this one is the perfect way to accentuate a room's traditional elegance. Reminiscent of real candle chandeliers from many centuries ago, that were lowered, lit and then pulled up by rope, the unmasked light source allows the crystals underneath to sparkle with greater intensity.

# CONCEALED LIGHT CHANDELIERS

A complete creation in crystal, the opulence of chandeliers like these demand décor that's no less magnificent. Concealing the light source within allows the crystals to appear as if they are the light source themselves – a multitude of little suns scattering beautiful rays around the room.
