Frequently asked Question

Q: How Much will be charged by Technician

A: The expert will check thoroughly first and then give a final quote after detecting the fault, you can choose to go ahead with the service or deny it. If you don't avail any other service except inspection, you have to pay an inspection charge 500

Q: Do you give warranty on spare parts?

A: We do not manufacture any spare parts by ourselves, so, the warranty is different as per company. But for customer satisfaction and for loyal customer we will give 3 months' warranty on parts and 6 months' service warranty

Q: Will Electrician repair it at home or need to bring it to the workshop? If I need to bring it to the workshop, then do I have to pay transportation charges extra?

A: After initial diagnosis by the technician, he will decide whether the servicing can be done at home or not based on the work scope. In case where the technician needs to do the servicing outside home, travel allowance needs to be provided by the customers.
